

Heavy Equipment Service Quotations- 2024-2025

The Municipality of Faraday Township is accepting quotations for heavy equipment services (Track Excavator, Gradall, Tri Axle Truck, Tandem Truck and water truck) with an experienced operator. This contract would be in place for the months of May- October for the years 2024 and 2025, on a call in basis, based on work availability and need of equipment.

Requirements of the work to be provided includes:

- Stump excavating and earth ditching, including top soiling
- Culvert installation; entrance and centre line
- Hauling of grubbing material, earth and granular material

1. Excavator Service

Interested proponents are to have a 230 John Deere, 320 Cat or equivalent excavator with a 1.5 cubic yard bucket. The supplied operator is to have five years of experience operating an excavator with the ability to trim up excavations, the ability to follow grade, and a keen eye to detail.

2. Dump Trucks

Interested proponents to state and supply either a tri-axle or tandem-axle dump truck. Stating as well if the truck is capable of handling all products. Experienced operators with knowledge of construction sites is required.

3. Water Trucks

Interested proponents to state and supply either a tri axle or tandem axle water truck. Stating volume capacity of tank, number of spray bars, and ability to pump water through spraying attachment. Experienced operators with knowledge of construction sites is required.

- Successful candidate to supply a valid copy of liability insurance, Form 1000, and WSIB Clearance certificate.
- Quotations are to be supplied on a per hour basis. Interested proponents can supply a quotation on all heavy equipment services or parts thereof.
- Please submit sealed quotations, clearly marked, "**Heavy Equipment Service Quotation**", to the Municipal Office to the attention of Bernice Crocker, Clerk Treasurer or by email to clerk@faraday.ca no later than **March 26, 2024 at 1:00pm**.
- Lowest quotation or any quotation may not be accepted.
